

Consultant Finance Consulting Jump Start Program (f/m/d)

Jobcode:
C-103910

Your Tasks

- **What Finance Consulting is all about:** We are a team of diverse skill sets and backgrounds who enjoy working together on challenging engagements for our clients. We are proud of our culture of collaboration with national and international teams. As part of PwC's Management Consulting team, it is our mission to help clients understand today's finance solutions and advance their finance transformation initiatives.
- **Kick-off your career with a three months personal jump-start program:** Within this unique program, you will learn basic techniques of management consulting as well as essential contents on the topic of Digital Controlling & Accounting. Along with other like-minded new joiners, you will begin to build your personal PwC Network and lay the foundation for your successful career path. During the jump-start program, you will be a full-fledged member in your team and participate in all activities, such as team calls, office lunches and team events.
- **Experience Digital Transformation first hand:** You help shape solutions for current challenges facing the finance function in the context of global megatrends. In exciting customer projects, you work with your team at the cutting edge of technology - on site or flexibly from your office. At www.pwc.de/de/im-fokus/finance-transformation.html you will gain exciting insights into the diverse field of activity.
- **Celebrate impact and the success of the team:** For us, it is not only the success of the customer that is paramount, but also the success of the team. Together, we bring out the best for each client and celebrate important milestones. If you want to be part of a collaborative and supportive culture, with a sense of purpose and belonging to your team, join us and let's shape the future of finance together.

Your Profile

- You have successfully completed your master's degree studies in business administration, economics, mathematics, engineering or in a comparable field.
- During your studies, you gained relevant practical experience in internships or took part in comparable initiatives that underline your expertise.
- You have gathered international experience through study abroad, internships or international projects and are comfortable working in diverse teams.
- Strong communication skills, excellent German and English skills, a self-confident appearance and very good analytical skills characterize you.
- You think sustainably, digitally and may already have experience in the implementation or transformation of new financial systems.
- Enjoyment of your work and teamwork are important to you. You are open-minded, eager to learn and like to share your knowledge with others.
